

August Kennedy Tank Talk

Team,

Welcome to this month's Kennedy Tank Talk. Below are some updates from the Kennedy Tank team in August. Thanks for your continued support!

- **Large diameter field erected tanks on the rise!**
 - **Our outstanding NTD Boilermakers current projects include:**
 - (2) 92' diameter API 650's in Southern Ohio
 - (1) 20' diameter 2205 duplex API 650 in Michigan
 - (1) 50' diameter API 650 in Northern Indiana
 - Monster project about to start up in western Nebraska!
 - (10) 24' diameter API 650 and (4) 16'-6" diameter API 650 tanks!
- **Crane Safety Training**
 - In early August we had all of our new teammates participate in overhead crane training to ensure we continue to have one of the safest work environments in the industry! Good work aching the training Josh Malave!

- **Welcome Casey Kauffman to the Kennedy Tank Team!**
 - Casey is born and raised in Indianapolis and attended Ivy Tech where he earned his Associate's degree in Pre-Engineering. After Ivy Tech he went on to IUPUI where he earned a Bachelor's degree in mechanical engineering. Casey is a huge sports fan and excited to join the team as a mechanical engineer!
