

Team,

Welcome to April's edition of Kennedy Tank Talk. Below are our updates for the month:

- **Kennedy Tank Wins the Steel Tank Institute Shop Fabricated Atmospheric Tank of the Year Award!**
 - (5) 40,000 Gallon Insulated API 650 Tanks (pictured) and (2) 10,000 Gallon Insulated API 650 Tanks!

- **Safety Idea Program**
 - As a part of Kennedy Tank & Mfg.'s commitment to instilling a strong safety culture, the Manufacturing Division has a program in place to recognize team members for their positive contributions to the improvement of safety in the workplace. Recently, both John Wehr and William Tipton were recognized as award winners due to their contributions and dedication to safety!

- **Additional Capacity for 2018!**
 - We have had a busy start to the year but do have available capacity in the coming 4-12 weeks for custom tanks, ASME vessels, and shell and tube heat exchangers! Please reach out if we can be of any assistance!
- Jimmy Kennedy
