

## A Special April Edition of Kennedy Tank Talk

### Remembering Pat Kennedy 1956-2020

Pat Kennedy died on Easter Sunday from Covid 19 and has joined both of his parents, relatives, and friends in heaven.

Pat was the 4th-generation President of the three Kennedy family companies: Kennedy Tank & Manufacturing in Indianapolis; Southern Tank in Owensboro, Kentucky; and STAFCO in Columbia City, Indiana.

Pat's career began at Kennedy Tank in high school painting tanks and helping in the yard. Throughout his time at Kennedy Tank he worked in engineering, estimating, sales, and accounting and served as president for the past 25 years.

In addition to his vast knowledge and professional talent, Pat will also be remembered as one of the most selfless, generous, and kind leaders in the industry. To say he will be sorely missed is an understatement.

Passion, attitude, and work ethic will cement his legacy in the Kennedy Tank Hall of Fame forever.

We know Pat will be looking down and helping guide Kennedy Tank for many generations to come.

The outpouring of support from family and friends has been amazing and for that, we all want to thank you.

Dad was the ultimate role model and family man. We couldn't be luckier to call him our dad. We love you dad!

Sincerely,  
The Kennedy Family
