

The November Edition of Kennedy Tank Talk

Team,

Thank you for reading the November edition of Kennedy Tank Talk. We hope everyone has a very Happy Thanksgiving!!!

Successful Project Ships to a Proud KTM Customer

We were very proud to be selected to build (4) 22,500 carbon steel pressure vessels which act as a buffer mechanism between the compressor and the fluctuating pressure caused by the changing demand in pressures for the sphere in Las Vegas, NV.

With an auditorium that can seat 17,600 people with a standing room for 20,000 people, it is the world's largest spherical structure. Built using six million pounds of steel, the Sphere's dome alone weighs 13,000 tons and has a surface area of 220,000 square feet.

Rigging and CPR Training

We would like to thank **Bruce Guilliani** of RMS Safety for spending nearly a full day with twenty of our teammates conducting training for rigging and crane safety.

Job well done by our safety queen, **Melanie Komasinski** who led two half-day CPR trainings this month in our multi-purpose field room with teammates from manufacturing and field services.

United Way Chili Cook-Off

We had a very fun chili cook-off on Friday at Kennedy Tank to support the United Way Foundation.

We want to thank everyone who participated and brought chili which was over 25 teammates.

All proceeds went to the United Way and thank you to **Alexa Walters** for organizing this amazing event!

Congrats to **Dave Reinkemeyer** on winning this years best chili.

Vice President of Sales Paul Bolin Retires at Year End

We would like to congratulate **Paul Bolin**, our Vice President of Sales for over 25 years on his retirement at the end of this year. Paul will go down in history as one of the best field-erected tank salesmen to ever work in our industry and the best VP of Sales in company history

Paul provided excellent customer service and built many long-lasting relationships through his time in sales at Kennedy Tank. We will all miss Paul's optimism, humor, and can-do attitude that spearheaded our sales department for more than two decades.

In the photo to the left, Paul was recognizing all retirees who were able to attend the Christmas luncheon last year.

Please email Pbolin@kennedytank.com or call him at 317-780-3528 to wish him well. Congrats Paul!!

Kevin Bolin Joins the Sales Team

We would like to congratulate Kevin Bolin for being promoted to the sales team. Kevin will be working with nearly all of Paul's accounts providing the same excellent customer service they have relied on while working with Paul.

Kevin, a proud graduate of Indiana University, brings nearly ten years of estimating vessels, tanks, and exchangers to his new role in sales and has already hit the ground running.

Kevin can be reached at Kbolin@kennedytank.com, 317-780-3508.

Field Erecting Tanks since 1970

Below is a field-erected tank project that took place in 1991 consisting of several stainless steel API 650 tanks in the Chicago, IL area.

Please reach out to any of your Kennedy Tank representatives if we can be of assistance on pressure vessels, tanks, heat exchangers, field-erected tanks, and much more.

Happy Thanksgiving!!!

Sincerely,

Jim Kennedy: jkennedy@kennedytank.com, 317-780-3523

Tim Noyes: Tnoyes@kennedytank.com, 317-780-3526

Jim Dossman: jdossman@kennedytank.com, 317-780-3554

Kevin Bolin: Kbolin@kennedytank.com, 317-780-3508

Dave Reinkemeyer: Dreinkemeyer@kennedytank.com, 317-780-3576

Jason Shaw: Jshaw@kennedytank.com, 317-780-3573

Kenny Becknell: Kbecknell@kennedytank.com, 317-780-3571

Heath Knipp: Hknipp@kennedytank.com, 317-780-3574
