## The November Edition of Kennedy Tank Talk

Team,

Thank you for reading the November edition of Kennedy Tank Talk. Read below for updates from the Kennedy Tank Team and have a Happy Thanksgiving!

### **New Building Helping with Large Diameter Vessels!**

12 to 14' diameter vessels have become the norm here at Kennedy Tank and we have six of these vessels in fabrication in our new building . These two are 12'-0" diameter by 33'-0" tangent length.

## CFO Gerry Hemmelgarn Retires

Earlier this week, Kennedy Tank's legendary CFO, Gerry Hemmelgarn, after 39 years, gave the Kennedy Tank team his final update on our yearly incentive program.

Gerry has been a bedrock of our company and is in the hall of fame here at Kennedy Tank.

His intelligence, hard work, positive attitude, and caring nature will be remembered here for many generations to come. Gerry never made excuses and always got the job done.

It brings us great joy that his final incentive update was also the best update he has given in his 39-year career, which is a testament to his leadership and dedication to all of our employees.

### Melanie's Dad Visits Kennedy Tank

On Friday we have the privilege of welcoming in Melanie Komasinski, ASP dad who was working for one of our best customers on an expansion project.

This vessel is 10'-0" OD X 20' tangent length on saddles and will be delivering to our end customer in the next few weeks.

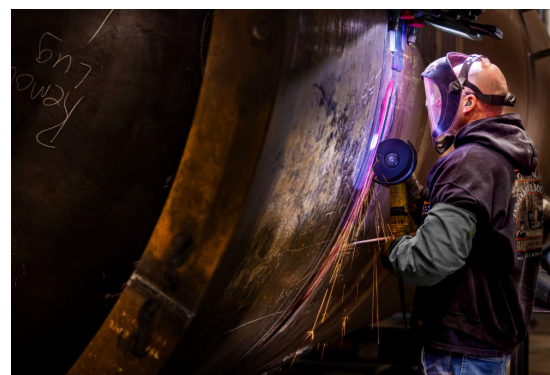

---

## Kennedy Tank Teammates in Action!

Teammate Anthony Wallace tig welding a bottom nozzle on a stainless steel vessel with a carbon steel skirt.

Teammate Garry Maxwell repairing an x-ray on a heavy wall pressure vessel in our new building.

## Experts in Field Erected Tanks!

Please contact any of your Kennedy Tank representatives if we can assist you with pressure vessels, tanks, heat exchangers, field-erected tanks, plant maintenance, and more. We hope you all have a very Happy Thanksgiving!!

Sincerely,  
The Kennedy Tank Team
